DIVISION OF AIR QUALITY

To Whom it May Concern,

Utah Clean Cities Coalition had the opportunity to participate in one of the Division of Air Quality's (DAQ) PM 2.5 work groups. We felt that that all parties with a stake in this critical issue were invited to bring their own thoughts and concerns to the table, as well as those of their stakeholders. This gave everyone the opportunity to be heard.

We feel that the resulting State Implementation Plan (SIP) is a very successful compilation of that extensive input. We support the measures put forward in the SIP to combat Utah's PM 2.5 attainment issues.

Sincerely,
